

Wonder Lake, Illinois

WATER ELEVATION = 802.235

Wonder Lake is an 830 surface acre reservoir located in northeast McHenry County, Illinois and was created in 1929 by constructing a 22 foot earthen dam across the south branch of the Nippersink Creek. It has a very large watershed in relation to lake size and drains approximately 62,270 acres. The maximum depth of 13.0 feet is located on the north end of the lake near the dam, and the mean depth is approximately 6.4 feet.
